# Superintendent's Report

---

Dummer, New Hampshire

February 1, 1936

To the School Board of Dummer:

I herewith submit the annual report of the Superintendent of Schools.

For the last complete school year ending June 30, 1935 two schools, the Willis and West Dummer, were in session for the required year of 36 weeks.

Pupils from the Pontook District were transferred to the Milan Schools.

At the close of the year three pupils were graduated from the Eighth Grade at West Dummer. There were no graduates from the Willis School. Three Dummer pupils were graduated from the Eighth Grade of Milan Village School.

As in the past your Superintendent has made bi-monthly visits of supervision and inspection to both schools. Classes in various subjects have been inspected and examined and Standardized Tests have at intervals been given. A proper amount of work in each grade has been accomplished during the year.

The schools opened this year in September with two new teachers—Miss Ruth Wells at the Willis School and Mrs. Dorothy Hikel at West Dummer. These teachers are both Normal School graduates and both have had considerable teaching experience.

I believe that the work this year is going forward very nicely and that both teachers and pupils are interested and are making good progress.

The medical inspection work has again been done this year by Mrs. Nina McCarty.

The statistics for the last complete year follows:
